Dear Sir:

I am wondering whether or not any official report by any recognized agency has ever been issued with respect to the Sabena Air Lines crash at or near Brussels, Belgium on February 15, 1961, in which all on board (76) were killed? If so, whether or not it would be possible to secure a copy of such report and the approximate cost thereof. And if not, when it is anticipated that there will be a report thereon.

Thanking you, I am

RP:mac.

Very truly yours,

Ransom Pratt

RANSOM PRATT.
